

Team Building With Purpose

Engineering a solution to real-world problems

Our Manchester based charity offer free interactive & fun team building workshops for your employees. Our 1 hour workshops have real meaning because not only do they increase your team's morale, but your staff will help make a real impact to children who are trying to escape the poverty cycle in Tanzania.

About The Workshop

In Tanzania, one-third of deaths to children are related to poor hygiene. We build impactful hand washing stations at our partner schools in Tanzania. Our hand washing projects have reduced school absenteeism by 90%. We come to your workplace and get your staff involved in competing in teams to make their own handwashing station. Our founder can also talk with your staff to share her journey of starting a charity at 23 years old.

Worth £250

It's free!

We just ask you to fundraise afterwards

"I came away with an awareness of another country, empathy with their situation and a fun team work afternoon I'll remember forever"
Workshop participant

Contact us for a quick 5 min chat to discuss how we can meet your needs!

Our founder was raised in Manchester and started Made With Hope in 2013 when she was 23 years old.

"I am so proud to be from Manchester. I love working with our Manchester volunteers to make a difference to children who aren't as lucky to be born in a place where they have enough clean drinking water and a toilet to use at school" Eleanor, Founder

Support us and transform...

Your staff can help give an education every child deserves

Why we're different

- We are small & personable
- We're open about our mistakes
- We focus on quality over quantity
- We listen to communities
- We're led by volunteers

Our impact since 2013

- 5 partner schools
- 1660 children empowered
- 90% reduction in absenteeism
- 800% increase in water availability
